Lay Leadership at Zoodohos Peghe

"A leader is a person who must take special responsibility for what's going on inside him or her self, inside his or her consciousness, lest the act of leadership create more harm than good"

At Zoodohos Peghe we are about welcoming seekers, forming disciples and developing leaders. Leadership is shared, relational, being accountable and taking others into account.

Clergy and staff at Zoodohos Peghe are a function of the ministry of the whole people of God, not the other way around. Identifying, developing, linking and deploying leadership is an ongoing part of the life and work of Zoodohos Peghe.

Becoming a Parish Council member includes modeling one's membership in faith terms; i.e. through active participation in worship, education, fellowship, stewardship and the mission and ministry of the church.

Leadership involves knowing one's self in relation to God and others.

As someone stated, "A leader is a person who has an unusual degree of power to project on other people his or her shadow, or his or her light. A leader is a person who has an unusual degree of power to create the conditions under which other people must live and move and have their being—conditions that can either be as illuminating as heaven or as shadowy as hell".
